

Green Level High School Fine Arts Boosters

2023-2024 Season Sponsorship Levels

Greetings and welcome to our 2023-2024 Fine Arts Season!

This season we have a wide variety of fine arts opportunities for our students to showcase their gifts, including theatre, dance, chorus, and art shows.

We are reaching out to potential sponsors who share our commitment to fostering the holistic development of our students and investing in the cultural enrichment of our community. We believe that your company aligns with our values and vision, and we invite you to consider becoming a sponsor for our Fine Arts Program.

Here are some compelling reasons why sponsoring the Green Level High School Fine Arts Program is a mutually beneficial opportunity:

1. **Community Impact:** By supporting our Fine Arts Program, your company will contribute to the cultural vibrancy of our community. The arts have a profound impact on society, fostering creativity, empathy, and a sense of community.
2. **Education and Skill Development:** The Fine Arts Program at Green Level High School provides students with a unique platform to develop their artistic talents. Your sponsorship would directly contribute to enhancing the educational experiences of our students, helping them build essential skills such as creativity, teamwork, and discipline.
3. **Brand Visibility:** Your company will receive prominent visibility within our school community and local events associated with the Fine Arts Program. We offer various sponsorship levels, allowing you to choose a package that aligns with your marketing goals and budget.
4. **Positive Public Relations:** Associating your company with a high school's Fine Arts Program demonstrates a commitment to education and the arts, fostering a positive image in the eyes of the community. This can enhance your brand's reputation and goodwill.

Although we are partially funded by ticket sales, money generated through ticket sales covers only a portion of our operating budget. We rely on fundraising and generous donations and sponsorships from our community to support our Fine Arts program at Green Level. Your sponsorship gives your business exposure to a minimum of 2400 people through program ads (approximately 14 performances over two semesters.) Those are just the people who attend performances and receive programs! This does not include those who will see your company's name on our website, in our social media, or on the certificate of appreciation we will provide for you to hang in your business!

Please consider helping us to provide invaluable educational experiences for our students and quality performances for our community. You'll find further information on the reverse side of this letter. We value your time and consideration and look forward to building a supportive partnership!

Sincerely,

Melissa Ockert
President, GLHS Fine Arts Boosters
